PROTECTS UNIONS.

A Sweeping Injunction Against Business Men and Proprietors in Omaha, Neb.

ISSUED BY A DISTRICT JUDGE.

The Order Restrains Merchants From Refusing to Sell Goods to Dealers Employing Union Labor.

Requires Business Men's Association to Cease Holding Meetings or Conspiring Against Unions, or Interfering With Them.

Omaha, Neb., May 13.—Judge Dickinson, in the district court, at 7 o'clock Tuesday night on application of John O. Yelser, an attorney representing the waiters' unions, whose members are on strike, issued an injunction against the business men and proprietors even more sweeping than that issued by the federal court against the unions last week.

The order of the court restrains the Business Men's association and others named as defendants as follows:

First—From in any manner threatening to injure the business or person of any employer of members of cross complainants' union or member of labor union, or any person who may employ or desire to employ such union men, or from refusing to sell commodities and supplies of merchandise to employees of such union labor and from discriminating against such persons in the prices charged for any such commodities.

Second—From threatening or intimidating any person who may have become a member of said association or organization if he employs organized labor or recognizes labor unions into discontinuing such employment.

Fourth—From imposing any fines upon its members or any such person for violating any agreement not to employ organized labor or not to recognize a labor union.

Fifth—From receiving or paying out any money whatever in pursuance of any agreement to break up labor unions except to attorneys in this action.

Sixth—From paying or offering any money to officers or members of unions directly or indirectly as a bribe to do or not to do any act in pursuance of any agreement or any of said defendants against such unions.

Seventh—From imposing or engaging agents or servants to import any laborers into the city of Omaha or state of Nebraska in pursuance of any existing plan to destroy labor organizations or under any similar, or new arrangement or plan.

Eighth—From bringing any other injunction suits or actions in pursuance of any general plan of prosecutions to break up labor unions or of any new or similar plans connected directly or indirectly with any existing plans.

THE SHOW WAS DELAYED.

One Hundred and Fifty Canvasmen and Laborers Strike.

Washington, May 13.—One hundred and fifty canvasmen and laborers with Barnum & Bailey's circus went on strike Monday night and the show was delayed two hours in getting away from the city. The men who did not stop work said that an agreement had been reported among themselves for the entire crew of canvasmen and helpers to strike in Baltimore Wednesday unless their demands are granted. The strikers ask for an increase of \$5 a month in wages. One man who continued at work was assaulted.

Striking Teamsters' First Victory.

Grand Rapids, Mich., May 13.—The striking teamsters won the first union victory in this city Tuesday when the Columbian Transfer Co., the largest employer, gave in and signed the union agreement calling for increased pay and recognition of the union.

Anticipating a Strike.

Omaha, Neb., May 13.—The Great Northern railroad has established an agency in this city to hire trainmen, in anticipation of a strike on that system. Applicants are required to sign contracts to work for the Great Northern in event of a strike.

Their Request Granted.

Bridgeport, Ct., May 13.—The American Graphophone Co. and the Smith & Egge Manufacturing Co. Tuesday granted the request of their employees, who number in the aggregate about 1,000 men, for a nine-hour day without any reduction in pay.

The Rural Free Delivery Service.

Washington, May 13.—Postmaster General Payne Tuesday announced that there would be no more establishments of rural free delivery postal service until July 1, the beginning of the next fiscal year.

STATE PRIMARY ELECTION.

Court of Appeals Decides Upon An Order Reopening the Litigation.

Frankfort, Ky., May 13.—The judges of the court of appeals, at a consultation Tuesday, at which all of the judges, both democrats and republicans, were present, agreed upon an order reopening the litigation over the democratic state primary election held last Saturday.

The order of the court came in the nature of a bombshell in political quarters. The Meachim anti-primary suit, which was decided in favor of the state executive committee some time ago, was later removed from the court altogether by dismissal of the petition for a rehearing. The court Tuesday withdraws the order dismissing the petition for rehearing and orders the petition submitted for further consideration.

The general opinion both among lawyers and politicians is that the court will deliver a response to the petition which will be more exhaustive than the original opinion, which was very hastily considered and very brief. The petition which is redocketed with the court questions the right of the committee to order a primary and attacks the call for it on the ground of various alleged conflicts with the Carroll law.

If this contention should be upheld by the court, it would knock out the primary entirely and lead to a state of political chaos in many ways. The petition for a rehearing in the case attacking Gov. Beckham's eligibility for another term is still pending in the court, and it is presumed the court will take up the two cases together. It has recently leaked out that the court, on the original consultation and decision in the eligibility case, were considerably divided, though no dissenting opinions were rendered at that time, and that the leaving undecided the question of eligibility, was practically a compromise between the judges.

KILLED BY A WOMAN.

Rose Rickards Shot By Mrs. Lawton, Whose House He Had Entered.

Owensboro, Ky., May 13.—Rose Rickards, of Sacramento, Ky., was shot and instantly killed Monday night at 11 o'clock by Mrs. Alex. Lawton. The latter's husband, who is a contractor, was away from home at work on a government contract, and Rickards went to the house and demanded admittance. The woman told him that her husband was absent, and asked him to go away. He replied that he knew her situation, and that was the reason of his visit. He then forced the door, and compelled the little daughter of the woman to go to the kitchen under pretense of getting him something to eat.

As soon as the child left the room he fastened the door and approached the frightened woman. She jumped from bed and fled into another room, where her husband kept a loaded shotgun.

Rickards followed her, and as he crossed the threshold she fired. He fell forward with a groan, and was dead before he struck the floor. The woman coolly cocked the gun for another shot, but when he did not rise she put the weapon down, and, releasing her daughter from the kitchen, sent her out for help.

The coroner's jury, after the hearing, promptly exonerated the woman from blame.

CHRISTIAN CHURCH.

A New One to Be Erected Opposite the County Jail in Jackson.

Lexington, Ky., May 13.—Robert M. Hopkins, evangelist for the church extension department of the Christian church, returned Tuesday night from Jackson, where he secured a donation of a lot for a new church. The lot was given by Mr. Floyd Day, a merchant, and is opposite the county jail and in the shadow of the courthouse from which James B. Marcum and Jas. Cockrill were assassinated. Members of both parties of the feud are members of this congregation. It is intended to erect a \$3,000 building and \$1,200 has been subscribed.

FOOT AND MOUTH DISEASE.

A Confirmation of the Reported Outbreak in Buenos Ayres.

Washington, May 13.—Secretary Wilson Tuesday received a cable from F. W. Bicknell, one of the traveling exploring agents of the department of agriculture, dated at Buenos Ayres, confirming the reported outbreak of the foot and mouth disease in that country. The dispatch says: "Foot and mouth on three ranches. One hundred animals in port affected by green alfalfa from infected ranch. Under control. Government expects it ended this month."

BUILDING TRADES.

New York Firms to Combine For Aggressive Action Against Employees' Demands.

ABOUT 100,000 MEN AFFECTED.

The Building Trades Association Decides to Form a Union Similar to the Labor Organizations.

The Mason Contractors' Association Met and Endorses the Above Action—A General Meeting Will Be Held Friday Next.

New York, May 13.—The most important developments in the strike situation Tuesday was the expressed determination of the Building Trades' association, composed of the most prominent concerns in the building business in Manhattan and the Bronx and of the Iron league, which includes most of the employers of iron workers in this vicinity, to combine for united and aggressive action against the demands of the labor organizations. Upward of 100,000 workers will be affected by the action of the employers.

The governors of the Building Trades' association met Tuesday and practically decided to form a union similar to the labor unions. The meeting was attended by all the governors of the association with but two exceptions and the sentiment in favor of aggressive action was unanimous. As a result the following letter was sent out to every labor employer engaged in building in Manhattan and the Bronx, numbering between 2,000 and 3,000:

"The time has arrived when employers of labor in the building trades are facing a serious situation and a meeting will be held on Friday, May 15, at 8 p. m., at the Building Trades' association, for the purpose of determining what steps shall be taken to remedy the present intolerable conditions. You are earnestly requested to be present."

"WARREN A. CONOVER, President."

The trades to be affected have a membership of more than 100,000 men. Most of these already are out of work, either through the lockout of the drivers by the masters or their own strikes.

The Iron league also held a meeting. J. M. Cornell presided and took action upon the strike of the inside architectural iron workers which is now in progress. On Monday the inside architectural iron workers in 11 of the smaller shops went on strike and this was followed by most of the big concerns locking their men out. It is estimated that through the strikes and lockouts about 6,000 men are out.

The Mason Contractors' association met Monday night and endorsed the action taken by the governors of the board of building trades in calling for a general meeting of those engaged in the building business.

TRADE IN CUBA.

The Opportunities in Machinery, Boots and Shoes and Cotton Goods.

Washington, May 13.—The department of state has just received from the United States legation at Havana a report which points out the trade opportunities in the Cuban market in machinery, boots and shoes and manufactured cotton. The freight is lower on goods exported from Europe than on goods exported from either New York, Mobile or New Orleans. As a general rule deliveries can be made quicker from the United States than from Europe, but during the past year it has been almost impossible to get goods with any promptness from the United States, and this has caused a loss to our trade.

A JOGGER

To Remind Maysville of the Advantages of an Electric Line to 'Olivet.

[Mt. Olivet Advance.]

Is it not passing strange that towns like Maysville and Augusta sit idly by different to the great advantage electric car communication with this place would bring them? Augusta, in particular, could fairly revolutionize that town by increased business relations with us. With an electric line to this place it would open up a section almost or quite ten miles square that does but little if any business there.

Isn't that worth at least an attempt to get?

Mt. Olivet is growing mighty tired of the seclusion she suffers. If Augusta's Board of Trade would confer with our leading people we believe that it would be an easy matter to put into effect a movement that would bring about the desired result.

If Augusta is satisfied with her trade conditions perhaps Ripley, Dover or some other river town might know a good thing when they see it.

Mt. Olivet will meet any of them half way with any old proposition that will bring an electric line here.

The entertainment to be given by the Department of Physical Culture at Hayswood at the opera house Friday evening, May 15th, promises a delightful program. The daily work of the class will be shown in a number of pretty and artistic drills. The entertainment will close with a comedieta given by the young ladies of the class entitled, "Dr. Frances Divine."

Music for the drills will be furnished by the Maysville Orchestra. Admission 25 cents. Those who have already secured their seats may have them reserved without extra charge. Box sheet open at Nelson's Thursday morning.

PUSHING THE WORK.

Building of Georgetown-Ripley Traction Line Well Under Way.

GEORGETOWN, O., May 11.—Work at this end of the road on the proposed traction line between here and Ripley was begun to-day, starting in on the Hicks farm, south of town. Work was begun several days ago at the Ripley end. A. M. Kautz, one of the promoters of the enterprise, and who has been an indefatigable worker for it for years, is confident that the line will be pushed through to speedy completion and cars running by early fall, if not before. The location of the entrance into Georgetown will be decided upon this week.

HERE AND THERE.

Items of Interest From Nearby Towns and Villages Contributed by the Bulletin's Corps of Correspondents.

EAST LINSTONE, May 12th.—Rain is very badly needed in this section.

Very little corn has as yet been planted in this neighborhood.

We heard the remark recently that "a boy could plough last year, but it took a man this year."

Abe Hauke and little daughter, of Cincinnati, visited relatives and friends about his old home last week.

Mrs. Robert Tolle, late of Louisville, is visiting her aunt, Mrs. John Holiday, and friends in Stone Lick vicinity.

Miss Mary Sweet returned home Saturday morning after a few days visit with the family of Cyrus Case.

Miss Mayme Coughlin returned home Thursday after spending several days in Cincinnati. Mr. Thompson, of Rectorville, was here Saturday on business.

Mr. and Mrs. Robert H. Williams spent from Friday until Monday with their son, George C. Williams, of Forest avenue.

Mrs. Richard C. Williams spent an agreeable day with Prof. and Mrs. C. E. Turnipseed at their pleasant suburban home Saturday.

John Power, who has been confined to his home for quite a while, is again able to drive out on his stock farm.

While Charles Williams and mother were driving on Forest avenue Saturday morning, a dog ran out, frightening the horse and also the lady occupant, but the prompt action and foresight of the driver fortunately averted a might-have-been accident. People must have their dogs.

MT. GILEAD, May 11.—Louie Goebke and family, of Mt. Carmel, visited relatives here Sunday. Green Triplett and wife, of near Flemingsburg, visited here Sunday.

Earl Stickley, of Maysville, was calling on friends here Sunday.

James Hutton and sister, Miss Myrtle, attended the funeral of their uncle, Tom Hutton, in Harrison County one day last week.

Messrs. Ben and Clarence Willett were at Mt. Carmel Saturday.

Dr. G. E. King, of Mt. Carmel, was in our midst Monday.

Chas. Mers, wife and sister, Miss Bettie, were shopping in Maysville Saturday.

Joe Hutton, of Balm, visited his parents here recently.

Misses Blanche and Maggie May Ousley, of Mt. Carmel, passed through here Wednesday en route to Mayslick.

IN SAN FRANCISCO.

Never Was a Heartier Greeting Given to a President of the United States.

GOOD WISHES OF KING EDWARD.

Magnificent Parade, Notable Feature of Which Was the Fancy Marching of the Cleveland, O., Grays.

First Instance in the West Where a Parade Was Headed By a Troop of Colored Cavalry, Holding the Position of Honor.

San Francisco, May 13.—Heartier greeting was never given a president of the United States than that offered Tuesday by the city of San Francisco to Theodore Roosevelt. Through miles and miles of densely packed, cheering, patriotically enthused humanity, the nation's chief passed bowing his acknowledgments, evidently tired from maintaining an erect position in his carriage, but buoyed up by the impressiveness of the demonstration.

The presidential train arrived here promptly at 2:15 o'clock. A large gathering of federal, state and city officials, army and navy officers, foreign consuls and distinguished citizens was in waiting to welcome the chief magistrate.

Mayor Schmidt stepped aboard the rear car and formally greeted Mr. Roosevelt, the president making a brief response. M. H. DeYoung, president of the citizens' reception committee, then shook hands with the distinguished visitors.

Mr. Roosevelt expressed his thanks in a few words, and was then introduced to Adm. Bickford, of the British Pacific squadron, who conveyed the good wishes of King Edward and said that the arrival of the flagship of the squadron to assist in the greeting was another instance of the cordial relations existing between the two nations.

President Roosevelt said he appreciated the evidence of friendship and begged that his good wishes be given to his majesty.

In the parade the line was headed by a troop of colored cavalry, this being the first instance in the west where Negro cavalry held the position of honor in a public procession. Following the president came United States troops from the local posts, sailors and marines from warships in the harbor and at Mare island, regiments of the state militia and a number of semi-military organizations. A notable feature was the fancy marching of the Cleveland Grays, who came from Ohio to participate in the California greeting. After reviewing the parade, the president was driven to the Y. M. C. A. building, where a throng had assembled to participate in the burning of mortgages and notes representing the total indebtedness of \$115,280 upon the property. The president by request touched a lighted match to the documents and as the flames licked up the papers he joined with assemblage in singing "Praise God, From Whom All Blessings Flow."

The president was banquetted Tuesday night at the Palace hotel by the citizens' committee. The dining room was decorated with thousands of roses. One of the features of the decorations was an immense garland made entirely of California fruits and swung on the south wall of the room stretching from one end of the hall to the other as a string of electric lights spelling "Land of Sunshine, Fruit and Flowers, Welcomes President Roosevelt."

DISCHARGED CRIMINALS.

Those in Berlin to Be Sent to North or South America.

Berlin, May 13.—The society for the improvement of discharged criminals, of Berlin, has declared its intention of aiding such of its charges who, after a six months' trial, have proved worthy, to emigrate to North or South America. Before leaving each one will receive instructions in the language of the country to which he is destined, transportation to the sea coast and \$150. Herr Ballin, director general of the Hamburg-American line, is a member of the society.

Attributes Downfall to Gambling.

Duluth, Minn., May 13.—Ex-Postmaster Ellsworth, of Eveleth, Tuesday pleaded guilty to the charge of embezzling \$3,000 of government funds and he will be sentenced Wednesday by Judge Lochran. Ellsworth attributes his downfall to gambling.

Postmaster at Latonia.

Covington, Ky., May 13.—J. T. Earle has been appointed to succeed the late John Moss as postmaster at Latonia, Ky. He was formerly election commissioner of Kenton County and is well known.

NICHOLAS County cast 485 votes for Hedger for Commissioner of Agriculture, and only 243 for Fræzee. Hedger hails from the Seventh Congressional district, and was in the fight simply to help Vreeland out. The next Nicholas County man up will likely poll as many votes in Scott as he gets in Mason.

The administration organs are beginning to shy rocks at General Miles for his report of the conditions existing in Philippine Islands. He recommends in that report that the army in the Philippines be fed on beef on the hoof killed fresh, because he ascertained that the army is still living on embalmed beef. The War Department pays no attention to his recommendation for the reason that the beef trust could make no profit out of the government if Gen. Miles' suggestions were complied with. How long will the people stand it?

SINCE 1886 Maysville has spent on her present streets about \$117,000, and the city is no better off now as far as her thoroughfares are concerned than it was sixteen years ago. The expenditure of \$125,000 now would give the city a fine system of improved streets, (along with a modern system of sewers), that would require comparatively no repairs for the next fifteen or twenty years, and the present generation would enjoy the benefit of these improvements. Still there are some mossbacks who prefer to wade through mud in winter and be blinded with dust in summer.

THE New York World wired Gov. Beckham for an expression from him on the Breathitt County trouble, and for his plan of punishing murderers and stamping out feuds in Kentucky. Governor Beckham replied as follows:

New York World, New York: Your telegram to me asking for a statement of my plan about stopping feudal troubles in Kentucky was received. When you succeed in evolving a real good plan for successfully stamping out sin and crime in New York please let me know what it is, and I will try it in Kentucky if it is necessary.
 J. C. W. BECKHAM.

There's more crime to the square foot in New York City than there is in all the mountain counties of Kentucky, as bad as they are. But that is no excuse for not putting forth every effort to put an end to mountain feuds and assassinations.

MASON DOES HER PART.

The BULLETIN was glad to see the Court of Claims make an appropriation yesterday of \$500 towards the Kentucky Exhibit at the Louisiana Purchase Exposition at St. Louis in 1904. Judge Wall has interested himself in the matter, as he is the financial member in this district of the State Committee in charge of the matter. Many of the other counties have been as liberal as Mason, and some of the courts have been even more liberal. We feel sure that every good citizen of Mason will endorse the action of the court, as one of the main exhibits of Kentucky will be the tobacco display, and Mason County leaf will be most prominent.

We hope our banks and other corporations and individuals generally will add to this fund. The Bank of Maysville has given \$100, and some private corporations have contributed. Every individual should at least invest in one of the "Kentucky Building" buttons.

PERSONAL.

—Mrs. W. E. Worick has been visiting her father, Mr. W. T. Rees, of Lexington.

—Mr. Chas. Best has been a guest of his cousin, Arthur Best, of Millersburg, for several days.

—Mr. and Mrs. Roy Pierce and little son, Bennie, of Newport, are visiting the family of Mr. John Boyer.

—Dr. Wheatley has leased his property at Lexington and he and his wife and Miss Dougherty are now at Mayslick.

—Miss Bessie T. Purnell, of Millersburg, has returned from a visit to Mrs. James H. Cummings, of Forest avenue.

—Mr. and Mrs. Sam J. Smith, of Newport, Ky., spent Sunday with their mother, Mrs. Mary Smith, of West Third street.

—Mr. Harry Wood, of the Southern Express Company, spent the day Tuesday with his parents, Mr. and Mrs. Jos. D. Wood.

D. HUNT & SON

THE GREAT COUNCIL.

Kentucky Red Men Honor Two Popular Members of the Maysville Tribe.

Past Great Sachem Pelham Chosen Representative to Supreme Council and Henry W. Ray Elected Great Keeper of Records and Seal.

The ninth annual session of the Great Council of Kentucky, Imp. O. R. M., convened at Oddfellows Hall Tuesday morning at 9 o'clock, with Great Sachem W. C. Pelham in the chair. About 150 representatives from the various tribes of the domain of Kentucky were present.

Past Great Sachem John I. Winter, in an address that voiced the sentiment of the local tribe as well as of the citizens in general, extended the visitors a cordial welcome, closing his remarks by handing over the key to Maysville, a huge affair gilded and ornamented with the colors of the order. He at the same time gave them the magic pass word, "Limestone," and urged them to make good use of it while here.

The Deputy Great Inchoonee Thomas K. Donally, of Philadelphia, responded for the Supreme Council of the United States, and Hon. L. S. Leopold, of Louisville, responded for the Great Council of Kentucky. They had heard of Maysville's reputation for hospitality and they felt sure the visitors would enjoy their brief sojourn in these "hunting grounds" and would carry away with them pleasant memories of their visit to Maysville. Great Sachem Pelham added a few words to the cordial welcome already extended them, bringing the public reception to a close. The addresses had been interspersed with splendid selections by the Red Men's Band.

Following the reception, the fires of the Great Council were kindled, and the rest of the day was spent in transacting the routine business. Great Sachem Pelham presented an exhaustive report, twenty-four pages of printed matter, covering the work in the Kentucky domain the past year. Ten new tribes had been instituted, and one council of the Degree of Pocahontas, giving the Kentucky domain now sixty-seven tribes and five councils. The membership of the tribes increased from 3,534 to 5,273 during the year. A splendid showing for the order, as well as of the untiring work of the Great Sachem. He closed by making a number of recommendations for the Council's consideration.

The afternoon session was taken up mainly with the election of officers for ensuing year, resulting as follows:

Great Sachem—Horace J. McFarlan, Lagrange.
 Great Prophet—W. C. Pelham, Maysville.
 Senior Sagamore—H. H. Denhardt, Bowling Green.
 Junior Sagamore—L. L. Bebout, Paducah.
 Chief of Records—Henry W. Ray, Maysville.
 Assistant Chief of Records—Frank L. Smith, Lexington.

Keeper of Wampum—S. C. Moore, Louisville.
 Representatives to Supreme Great Council For Next Two Years—W. C. Pelham, Maysville, Chas. A. Hess and Dr. Buschmeyer, of Louisville.

Local interest was centered on the contest for Great Keeper of Records and Seal and of Representations. Messrs. Pelham and Ray were given these honors by a unanimous vote, attesting their popularity.

At last night's session of the Great Council, Paducah's invitation to meet there next year was unanimously accepted. Several reports of committees were read. The matter of settling the

question of the fee for adoption went over until this morning.

The Haymakers had a "hot session" last night, capturing a dozen or more tramps and teaching them how to cut grass by gas light.

This afternoon the local Red Men and visitors, with their wives, daughters and sweethearts will board the magnificent steamer Island Queen for a ride on the Ohio. The boat leaves the wharf at 3 o'clock and is expected back at 10 to-night.

The Portsmouth Blade has the following in reference to one of Maysville's talented vocalists: "Miss Florence Wadsworth, of Maysville, Ky., made a very pleasing impression as a singer, Sunday in Second Presbyterian Church, and will probably accept a permanent engagement to sing in that church, coming on Sunday only during the summer, and in the fall may take a class in vocal music."

Fiscal Courts of the following counties have made contributions to the Kentucky Exhibit Association fund for a proper representation of the State at St. Louis: Boyd, \$300; Carroll, \$200; Jefferson, \$3,000; Jessamine, \$200. Livingston, \$100; Montgomery, \$200. The Mt. Sterling City Council made an appropriation of \$100 in addition to the Montgomery County subscription. The Covington Business Men's Association has subscribed \$500 toward the fund, and the Bowling Green Commercial Club has made a donation of \$50.

Dedicated to the Memory of Katie Preston Bullock.

Warmed by the sun and fed by the dew,
 In a bed of flowers a lily grew;
 Plants of all kinds were growing there,
 Some called common and some most rare;
 Assembled in this motley array,
 'Twas very difficult to say
 Which of them might be called the fairest;
 Whether the commonest or rarest;
 Together they lived side by side,
 Their wants by Providence supplied;
 In its own sweet way each did its best
 To be more beautiful than the rest.
 Thus half hid, in its modest way,
 The lily grew, until one day
 As it raised toward heaven its graceful form,
 The garden was swept by a sudden storm;
 The rain and wind both worked with might,
 The one to bless, the other to blight.
 As ever harder the bleak wind blew,
 Blacker the storm cloud's shadow grew,
 The strongest stems bowed before the blast,
 So great was its fury, and when at last
 The sun's sweet influence the clouds dispelled,
 And though no where in the book of fame
 Every flower in that pretty bed
 Lifted again its little head,
 Save the lily, and it, of all there found,
 Lay bruised and dying on the ground.
 Then it was we began to know
 That of all the many flowers which grow,
 The lily sweet excelled the rest
 And in its purity was best.

In the world's great garden there lived a girl,
 Pure as the snow or the fairest pearl;
 The joy of her mother, her father's pride,
 While her sinless way was to all a guide.
 Quiet and cheerful always was she;
 And the purest type of modesty
 That in the whole of the country round,
 In any part, was to be found.
 Like the lily fair she lived and grew,
 Striving to hide herself from view.
 Her greatest joy was her friends to serve,
 And from duty's course she would not swerve.
 Like a ray of light to this world she came,
 We know she rests in the book of fame
 Was any record of her noble life,
 She victories won through sinless strife.
 At last death walked in the garden fair,
 To take its choice of the flowers there,
 As he stalked about in his ruthless quest,
 He picked the sweetest and the best;
 The lily he took ere its fragrance rare
 From the opening bud burst on the air.
 While she was living we never knew
 That our love for our darling was so deep and true.
 Yet we should not repine because she's gone
 For her darkest sorrow will have a dawn;
 'Tis her body we place 'neath the greenest sod,
 And though no where in the book of God,
 And if our race we nobly run,
 When all our duties here are done,
 We'll sleep in peace till Christ comes, when
 In Heaven our darling we'll meet again.

JAPANESE RUGS.

The Jap is often called, "The Yankee of the Orient." He is quick to see mercantile advantages and he is particularly dft in imitating the successes of other people and adapting them to his own use. These rugs are a case in point. They are imitations—or rather adaptations—of the Oriental Styles. Some of them can scarcely be told from high class Persian productions. But look at the prices! They tell of Machine Work.

The rugs wear splendidly and are immensely effective in furnishing. There are lower grades of course, which are not satisfactory. Don't be prejudiced by them—they are not the kind we sell. Reversible Japanese Rugs, 6x3 feet, in terra cotta grounds—Japanese designs worked up in blue, red and green—fringed—\$2.

Perfect Soda Water.

Daintiness marks the making and serving of our Soda Water; satisfaction and refreshment follows the drinking. Fairly good soda is not hard to find, but absolutely perfect soda is a rarity.

We serve perfect Soda because we have the fountain, the experience, the skill and do not hesitate to spend money to make our Soda best. We look after the cleanliness as carefully as though we had to do all the drinking ourselves.

LOOK Before You LEAP!

Variety in a store's assortment is essential. We cannot all wear the same thing. A style that appears appropriate and becoming to one lady will be just the reverse if worn by another.

One of the advantages of buying a ready-made skirt is that you can try it on before buying it. Many a woman has selected a piece of goods to have a skirt made from, and has afterwards hated it every time she put it on.

You can come to us and get a Skirt right off the rack that will realize your fondest hopes, and cost you but a moderate sum. Skirts of handsome fabrics, tastefully trimmed, skillfully tailored, stylishly cut and with a fit such as thousands of dressmakers and tailors sigh for but never reach. We doubt if there is a town in the county (our size) that has a reputation on skirt such as we have.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than
Maysville Our Readers Might
Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville; if the statement given below went the rounds of the press, readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen, and can be easily investigated.

Mr. Larmon Dawson, residing at 934 East Second street, says: "The quick relief from pain in my back which followed the use of Doan's Kidney Pills, proved them to possess remarkable powers. I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Kidney Pills a trial."

THE FISCAL COURT.

Appropriation of \$500 Towards Kentucky Exhibit at World's Fair—Other Business.

At Tuesday's session of the Mason Fiscal, on the recommendation of the committee, an appropriation of \$500 was voted towards an exhibit of the State and county's exhibit at the World's Fair at St. Louis in 1904.

The committee on license presented its report. The committee recommended that all vehicles that carry passengers or freight for pay be required to pay an annual license, as follows: Omnibus, \$50; one-horse huckster wagons, \$15; two-horse huckster wagons, \$30; three-horse huckster wagons, \$50; two-horse tie wagon, \$50; traction engine, \$25. No action was taken on the report.

After allowing a number of claims, court adjourned till May 26th.

The Morehead and West Liberty railroad has been sold to Baltimore capitalists, and work on the completion of the line will begin June 1. All debts for the construction of the four miles finished have been paid. A new company will at once be organized. The cost to finish construction to West Liberty will be about three hundred thousand dollars, and the new owners are amply able to rush the work. This road has been hanging fire for several years, but its completion is now a certainty.

That's What

THEY ALL SAY!

Said a gentleman who bought one of our Wool Crash Coat and Pants yesterday, "I did not expect to find as perfect fitting garment ready made as these." Upon telling him the price of the Suit he inquired if the material was all wool. It was quite difficult to make him believe it was on account of the low price we sell them for. No house in the State shows as elegant line of crashes as we do. We want you to see them.

The weather is getting right for our soft comfort giving Shirt. Try our "Faultless;" you commit a fault if you don't. It's the best dollar shirt in the world. Were there a better we would not have these. THE BEST FOR OUR PATRONS IS OUR SOLE AIM.

OUR CLOTHING DEPARTMENT IS BECOMING JEALOUS OF OUR SHOE DEPARTMENT.

We put Shoes in our store for a side issue. We wanted Maysville to have the reputation of selling as good Shoes as she sells Clothing. Like our Clothing we bought the "best," consequence, we are running away with the "good shoe trade" of the county and city. Our Douglas \$3 and \$3.50 Shoes are warranted to give satisfaction or the money back. No risk in buying Shoes here.

PUBLIC SALE!

Valuable Real Estate, Near Maysville, Ky., on
Liberal Terms to the Purchasers.

The undersigned, Daniel Morgan, will offer at auction, on the premises, 348 ACRES of the most valuable Tobacco Farming Land in Mason County, Kentucky, on SATURDAY, MAY 10th, 1903, at 1 o'clock, standard time.

Two hundred and ninety-eight and one-half acres is the property of the undersigned, and forty-nine and one-half acres is the property of Miss Mattie Morgan.

This fine tract of land has good frame dwelling house of six rooms, with a roomy frame building in same lot containing four large rooms. At the residence are two cisterns and a well, carriage and coal houses, cattle barn and cattle shed and large tobacco barn. There are also on the premises two tenant houses, with tobacco barns and stables.

This desirable land is on Washington and Murphysville macadamized free turnpike, six miles from Maysville and two miles from Washington.

No part of this land, with the exception of seventeen acres, has been plowed for five years, and is all in blue grass and clover, except thirty-seven acres of virgin soil in the woodland, which was originally walnut timber.

The real estate will be offered first in tracts, as designated by purchasers, and afterward as a whole. Possession of premises will be given June 1st.

TERMS OF SALE—One-fourth cash; balance in three equal annual payments, 6 per cent. interest, payable annually, secured by mortgage on real estate sold.

All inquiries in regard to the premises, as to tracts or to the terms and conditions of sale, will be promptly answered by the undersigned.

Total time consumed, two hours and forty minutes. Time for heating oven, thirty minutes. Actual cooking time, two hours and ten minutes. Coal used, forty-four pounds. Cost of coal at 11 cents per bushel and kindling at 7 3/4 cents. Saving in cost of coal and kindling over gas 9-15 of 1 cent.

To offset the 9-15 of 1 cent saving in actual cost of coal and kindling over gas note the time saved in doing the work, and remember that in cooking by gas you have no fire to make, no coal and ashes to carry, no dust, no dirt, no smoke. The Gas Company is selling to its consumers one of the best Gas Ranges made, the Detroit Jewell, at actual factory cost price. Samples of these Ranges are on exhibition at Langfels & Co.'s plumbing establishment on Market street. If you are interested take a look at them and investigate the price and terms at which they are being sold. Any information desired will be gladly furnished. See the Gas Company.

The C. and O. railroad has to the credit of its "conscience" fund \$3, received from Rev. Wren J. Grinstead in Adelaide, Australia. In a letter Mr. Grinstead relates that three years ago he purchased a ticket from a scalper. He has come to the belief that the \$3 thus saved does not belong to him and returns it. Mr. Grinstead graduated from the State College, Lexington, where he took high honors. Last year he graduated from the College of the Bible, as valedictorian of his class.
